Anyone with ties to our business knows the “hands off” approach isn’t an easy one for us to adhere to, but for the next few months it is going to be our company practice. This way of business won’t last forever but if we want to continue to provide services to our customers during this time it is how business needs to be done. If we don’t continue to adapt, we are all at risk-customers included. If you need to order parts please make every effort to call before coming to one of our 3 locations so we can have the parts ready for you, this will make a build up of customers in the store less likely as planting season gears up. We are more than happy to bring the parts right out to your vehicle. Also, for those interested you can sign up for our customer dealer portal directly at [www.hillsboroequipment.com](http://www.hillsboroequipment.com) (the link is near the top right corner of the homepage), that gives you a direct link to look up parts online and order. Thank you for your business and your understanding during this time.

Sincerely,

Your Hillsboro Equipment, Mauston Equipment, Slama’s Lawn and Sport Team
